COTTON RESEARCH CENTER
EXPANSION

Bid Form Name

Project Description

The Cotton Research Center Expansion project consists of a prefabricated metal building addition to the existing research facility to support expanded research operations. The new addition will provide dedicated space for specialized equipment and machinery as well as functional work areas for researchers and staff. The Cotton Street Research Expansion Facility is located at 410 S. Cotton Street, El Paso Texas, 79901.

Instructions for Bidding

Please submit your proposal no later than June 5, 2026 1:00 PM (MST) via email to john@banes-gc.com

Thank you for your interest.
