

Stoddard Enterprise, LLC is soliciting proposals from qualified Texas-certified HUB subcontractors and suppliers for the following project:

Project: City FBO Hangar – Mid-Valley International Airport

Owner: City of Weslaco, Texas

Location: Weslaco, Texas

Prime Contractor: Stoddard Enterprise, LLC

Bid Date: October 8, 2026 at 10:00 AM

Stoddard Enterprise is seeking HUB participation for subcontracting and supplier opportunities associated with this project. Potential scopes of work include, but are not limited to:

- Sitework, excavation and grading
- Paving and related civil work
- Underground utilities
- Drainage
- Concrete
- Building construction
- Pre-engineered metal building-related work
- Roofing
- Glass and glazing
- Building specialties
- Other construction materials, supplies and services applicable to the project

The project has identified potential HUB subcontracting opportunities associated with NIGP Codes **909-25 and 913-10**; however, qualified HUB firms are encouraged to submit proposals for any portion of the work they are capable of performing or supplying.

HUB PROPOSAL RESPONSE DEADLINE: October 5, 2026 at 2:00 PM

Please submit your proposal or indicate your interest in participating by the deadline above. If you are interested but need additional information, plans, specifications, quantities, or assistance identifying a suitable portion of the work, please contact us promptly.

Stoddard Enterprise is willing to work with qualified HUB firms to identify reasonable portions of the work and encourages proposals for complete scopes as well as smaller portions of applicable work.

Please include the following with your response:

- Company name and contact information
- Current Texas HUB certification information
- Scope of work/materials you propose to provide

- Proposal/quotation
- Any exclusions or clarifications
- Applicable lead times
- Bonding requirements or limitations, if applicable

Plans and specifications are available upon request or can be provided electronically.

Please reply to this email even if you are unable to provide a proposal so that we may document your response.

Stoddard Enterprise, LLC appreciates your consideration and looks forward to the opportunity to work with qualified HUB firms on this project.

Thank you,
